PROFESSIONAL SUMMARY

BCA graduate with a strong foundation in HTML, CSS, JavaScript, Tailwind CSS, Python, Core Java, REST APIs, and Git/GitHub. Focused on responsive web development and clean, user-friendly interfaces, with hands-on project experience building and deploying frontend applications using tools like VS Code and Figma. Seeking a Frontend Developer role to apply and grow practical software development skills.

TECHNICAL SKILLS

Languages: JavaScript, Python, Core Java

Web Technologies: HTML5, CSS3, Tailwind CSS, React (Basic), REST APIs

Tools & Platforms: Git, GitHub, VS Code, Figma

Databases: SQL

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern — CodSoft (Remote)

June 1, 2026 – July 1, 2026 (1 Month)

- Completed a one-month virtual internship focused on full stack web development, building and deploying projects using HTML, CSS, JavaScript, and Python.
- Worked independently on assigned development tasks, applying core programming and web development concepts within set deadlines.
- Gained hands-on exposure to real-world development workflows, Git/GitHub version control, and remote collaboration practices.

EDUCATION

Bachelor of Computer Application (BCA) — Siddharth University, Siddharth Nagar (2024 – 2027, Expected)

12th (Intermediate) — R.P.J.S.S.M Inter College, Siddharth Nagar (2022 – 2024 | 87%)

10th (High School) — T.R.S Inter College, Siddharth Nagar (2020 – 2022 | 85%)

PROJECTS

E-Commerce Website

HTML, CSS, JavaScript, REST APIs

- Built a responsive e-commerce website focused on product browsing and an interactive user interface.
- Implemented shopping-related user flows including product listing, cart, and navigation.
- Designed the layout in Figma before development for a simple, user-friendly browsing experience across screen sizes.

Personal Portfolio

HTML, CSS, Tailwind CSS, JavaScript

- Developed a modern, responsive portfolio website to showcase projects, technical skills, education, and certifications.
- Structured the site into clear sections for easy navigation and readability.
- Deployed the site using Netlify for public access, with version control managed through Git and GitHub.

CERTIFICATIONS

- Career Essentials in Software Development — Microsoft & LinkedIn, 2026
- React (Basic) — HackerRank, 2026
- Python (Basic) — HackerRank, 2026
- Git & GitHub – The Practical Guide — Udemy, 2026
- Foundational C# with Microsoft — freeCodeCamp, 2026
